## ABOUT

Full-Stack Developer from Poland with 4+ years of experience in designing and building modern web applications. Focused on Laravel and Vue.js, but comfortable working across the full stack - from backend APIs to accessible, responsive UIs. Experienced in delivering projects for e-commerce, healthtech and media, with an emphasis on performance, clean architecture and long-term maintainability.

## SKILLS

Laravel

Livewire

Filament

MySQL

Redis

RESTful API

Vue.js

Inertia.js

Tailwind

Sass

Wordpress

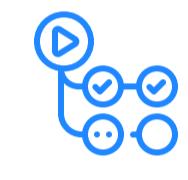

Prestashop

Vite

GIT & Github

Github Actions

Docker

Server Management

Google Analytics

## EXPERIENCE

### Full-stack Developer

DEC 2022 – PRESENT

Developing and maintaining web applications using **Laravel**, **Vue**, **Tailwind**, and **TypeScript**. Built custom CMS solutions, e-commerce platforms, and integrations with **external APIs**. Collaborated closely with designers and project managers to deliver optimized, scalable products.

### Front-end Developer

OCT 2021 – DEC 2022

Created responsive user interfaces with **HTML**, **SASS**, and **JavaScript**. Worked on **WordPress** and **PrestaShop** projects, ensuring performance optimization and cross-browser compatibility. Contributed to UX improvements and theme customization for client websites.

## EDUCATION

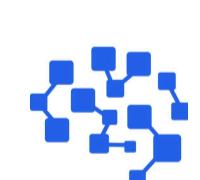

2017 – 2021

Władysław Szybiński Technical High School in Cieszyn – IT Technician

**EE.08:** Assembly and maintenance of computer systems, peripheral devices, and networks

**EE.09:** Programming, development, and administration of websites and databases

## MY PROJECTS

Mediary

### Mediary

Personal

Developed a health platform using Laravel and AI to analyze lab results and generate personalized health reports and diet plans. Integrated OpenAI API for automated insights, and implemented file upload & processing workflows.

LIVE

<https://www.mediary.pl/>

Ciasta

### CiastaDlaFirm

Commercial

Built a B2B cake shop for HoReCa & retail at **Agencja Digitalowa**, using Laravel and Voyager CMS. Implemented discounts, recurring orders, Przelewy24 payments, and BaseLinker integration. Added GA4 e-commerce tracking.

LIVE

### Olza

Commercial

Built a large regional portal at **Agencja Digitalowa** using Laravel, Breeze & Tailwind. Migrated 50,000+ records (news, events, sports results), developed a custom CMS, and launched 4 sub-sites with unified management.
